

Ride Before you Buy

In 2004 Gate Creek Cabins partnered with Team CC in Wasilla to offer you the opportunity to ride a sled before you buy. With sleds getting more expensive and with more and better options from which to choose; we thought it might benefit shoppers to be able to ride a sled prior to purchase. You can't ride a sled in the city limits of Anchorage, so where else can you jump on a sled for a full day and find out what really fits you, the style of riding you like, or find a sled that's not too big or not too small ... but just right !!

The new rider forward "REV" chassis is revolutionizing the industry ... but don't take our word for it ... come find out for yourself.

After you've rented a sled for a full day, or possibly switched between 2 different sleds (inventory allowing); you just bring your "rental receipt" into Team CC. For any Fan cooled sled they'll apply 50% of the rental to the purchase price ... 100% of the rental price on a Liquid Cooled sled.

That's the kind of old fashioned service we pride ourselves on at Gate Creek Cabins ... Thank you for considering us!
